Villa Kai offers guests sensational views across the beautiful Aegean sea from each corner of the villa. The accommodation has been thoughtfully planned, both inside and out, to perfectly cater for the needs of large families, two to three smaller families or groups of friends looking to share a luxury villa rental in Porto Heli.

Inside the villa, guests are greeted with a combination of stunning seas views, tasteful décor, cutting edge amenities and carefully selected, beautifully crafted designer furnishings. The result leaves you with a sense of luxury, comfort, exclusiveness and peaceful calm. The six large en-suite bedrooms all have direct access to outside space and combine with the two large reception areas ensure that there is ample space for keeping large groups entertained whilst always being able to find a quiet area for a good book and siesta. Those seeking total relaxation will quickly find the spa area, complete with sauna, steam room and cold plunge pool, a favoured area of the house.

Villa Kai has just as much to offer in the outside areas of the villa. All eyes will be drawn to the pool area which boasts an 18 metre infinity pool and a swim up bar housing an outdoor fridge and ice machine. The pool is bordered with sunbeds, large umbrellas, a luscious lawn, lounge and sunken seating areas which are all served by the Sonos sound system. Outdoor dining for 14 can be enjoyed in the shade of the pergola and prepared on the Napoleon gas barbecue. Evenings on the roof terrace are an event in themselves as the sun sets across the Aegean, giving way to a truly magnificent array of stars which can be savoured from either the lounge area or six person hot tub.

Luxury beach front villa rentals in Porto Heli of this standard are a rarity and this Villa is a truly exceptional property that once you stay will be your new home away from home.
