Chelsea Riverview is a riverside 10-storey development for 110 apartments with sweeping views over the River Thames and across London. The smoothness of the river and the dynamism of the Fulham neighbourhood inspired the architects of AFK to create a modern building of streamlined shapes made of white stone and bronze panels with cascading landscaped terraces. The territory will include 11,500 sq ft flexible office floorspace.

Each home comes with modern finishing by AFK designers, stylish integrated black glazed Siemens appliances, white Villeroy & Boch sanitaruware, enlarged beds with full-height upholstered headboards and built-in wardrobes. Panoramic glass doors in a thin aluminum frame lead from the living room to a balcony or terrace with a dining area, white armchairs and a decorative fireplace.

On the ground floor, there is a coworking with a multimedia meeting room and a self-catering kitchen, a private cinema for 8-10 persons, a gym with Peloton bikes and a yoga studio, a pet grooming room and cycle storage. Secure resident's parking is provided in the basement. A concierge service in the lobby will kindly help to solve any household issue.

Amenities

- concierge
- residents lounge
