Fantastic apartment for sale in an iconic Ibiza building.

The location of the residential complex is unbeatable since it has one of the most wonderful views of the Balearic Islands. The distinguished location and the deep footprint that Jean Nouvel gives to the urban fabrics where he builds suggest that the complex will become one of the most identifiable images of the Island of Ibiza. The exclusive building is located on the last of the large plots available on Paseo Juan Carlos I (promenade), located on the seafront, in front of the Marina Ibiza marina. Its orientation has been designed to enjoy the views over the entire bay of Ibiza and the walled enclosure of 'dalt vila. The façade of the building is shaped like an Italian theatre. An original coloured stainless steel lattice presides over the façade. It is also decorated with flowers and natural plants designed by Patrick Blanc, a famous landscape architect expert. The property has 5 bedrooms and four bathrooms, a spacious bright living room and fully equipped kitchen. The terrace of 64 m2 offers unbeatable views of Formentera and the bay of Ibiza.
