Balcony/terrace

Located on the Chemin de Clambin, Chalet Mouli is only a two minute walk from the piste just above Medran and at the end of the day it is possible to ski straight back to the chalet. Built in a traditional alpine style using reclaimed wood, the chalet has a rustic feel but has been updated to include many modern comforts. Six en-suite bedrooms are able to accommodate 12 guests in stylish alpine luxury.

A large open-plan living area on the first floor with vaulted ceilings, large open fireplace and comfortable seating area is the perfect spot to relax. There is also a dining area seating 14, a fully-equipped kitchen and an office corner. A balcony runs the length of the chalet providing far-reaching views over the valley.

Above the living room is a cosy TV mezzanine room, cleverly glassed off to provide a private room to relax in front of a movie, read or listen to music uninterrupted.

In addition, there is a second large sitting room open to the eaves with outstanding views, ideal for children and teenagers. This can be reached from the ground floor or by crossing the outdoor terrace.

After a day's skiing Chalet Mouli's outdoor hot tub on the balcony will be a welcome sight. The property also has yoga/treatment room and steam room with private shower.

The master bedroom, located on the top floor, has a king-size bed, vaulted ceiling, private balcony and an en-suite bathroom with shower.

Four twin/double bedrooms and one double bedroom with terrace access are located on the ground floor. All of the rooms have en-suite bath or shower rooms.
