Santorini in Greece is a breathtakingly beautiful island with an inimitable charm and a visit with family and friends should be at the top of everyone's Bucket List. The island was named by Latin Europe in the thirteenth century and refers to Saint Irene, the name of the old cathedral in the village of Perissa, recognizable worldwide for its magnificent, white-washed walls and blue-domed roof.

Located in the charming Imerovigli village and close to the lively Thira town, the home is ideal for a group of friends and family that want to be near the island's hotspots yet in total seclusion. Believe us, you will find it hard to leave your private paradise to explore the magic of the island, as you won't miss a thing. From a fully equipped gym to two private pools, all at your disposal anytime you want, the villa offers all you could possibly want and more.

Outdoor Areas:

Elegant and masterful, the exterior of the Villa is a fine example of Cycladic architecture built out of natural materials. Whitewashed walls, wooden pergolas, stone walls, and built-in furnishings create an ample and inviting outdoor area. Your private, beautiful infinity pool stands gracefully at the edge of the patio, boasting unobstructed views of the Aegean Sea. There are several shaded lounge and dining areas to unwind with your beloved ones or dine in style under the star-filled sky. And as if all this wasn't enough, there is also a second private pool on the lower level, perfect for some intimate moments. Just make sure to put some music on and light up the fireplace to create a perfect, romantic setting with a loved one.

Indoor Areas:

The inside of the villa boasts a variety of smooth, curved lines, whitewashed walls, wooden furnishings, and warm, earthy tones. These features adorn every room creating a relaxing environment while the windows and French doors bathe the villa with sunlight. The property spreads over three separate levels, featuring eight deluxe bedrooms with every amenity to pamper yourself, two living rooms with direct access to the private pools, two fully equipped kitchens, and a dining area for up to eight guests. Before diving into your pool to cool off, descend to your private gym on the lower level for your morning workout routine. This is the ideal way to stay fit and active on vacation if you do not wish to explore the hills on the island.
