Featuring open-plan 2 and 3 bedroom apartments and penthouses, all with exceptional panoramic sea views. Designed with organic lines, each building nestles into the surrounding landscape. Residents of this community will have full access to all amenities of Grande Marbella.

Interiors are customisable and include options of Porcelain stoneware and bathroom fittings from Porcelanosa, Kitchens with Krion Worktops, Siemen Appliances, Lutron Control Access for all lights and temperature settings.

The aluminium frame windows offer great energy efficiency by minimizing thermal transmission. The glass will be supplied by top manufacturers such as Saint Gobain and will incorporate UV filters to prevent solar radiation, double glazing and a cavity filled with dehydrated air.

With its gated entrance, the gate building is more than just 24-hour security and entrance surveillance, here you will find a concierge service willing to help you. In the future it will accommodate the Kids' Club, a convenience store, bike storage, postal services and even a rental and management facility. We've thought of everything, so you don't have to!
