A dreamy chalet retreat perched on the mountainside above Verbier.

Framed by snowy pines and beautiful mountain views, this gorgeous alpine chalet accommodates up to 18 adults and 6 children. Mountain Retreat sleeps 24 in total in its nine beautifully appointed double rooms, all with spacious, contemporary en-suite bathrooms, and its six-berth bunk room for the kids. The children's bunk room features an en-suite shower room and space to relax with beanbags, DVD player and games console.

The generous sense of space pervades Villa Neige from the magnificent mountain views to the sociable open-plan living area and the comfortable bedrooms. Most of the double bedrooms have sitting areas. The two master suites on the top floor also enjoy feature fireplaces, mini bars and an interconnecting door. All share the magnificent mountain views, many with private balcony space.

It's a glorious place to return to at the close of a day out on the mountains skiing or snowboarding. Sink into the hot tub ? your choice of inside or outside ? or swim a few lengths in the indoor pool. If you fancy hitting the town, Verbier's bars, shops and restaurants are just a short drive away. But if you fancy a night in, Mountain Retreat has everything you need, including a staff on hand that includes a Michelin-starred chef.

At the heart of the property is the open-plan living space. Laze on a sofa by the vast feature fireplace. There's plenty of deep sofa seating here for all of your party. The light-filled interiors create a sociable entertaining space. The lounge area opens onto the dining space, also seating 24. Then continue your evening in the bar, where there's more sofa seating, space to dance and a pool table.

Ideally located in the Four Valleys ski area and with an experienced team to hand, including a spa therapist, babysitter and Lodge arranger programme for the kids, this alpine paradise offers the perfect mountain retreat.

In the summer months, there are plenty of activities to enjoy including mountain hiking, trail running and mountain biking. The outside space is transformed during these warmer months. Laze on a hammock on the lawn or pull up a day bed beside the al fresco jacuzzi. There's barbeque space on the terrace as well, so you can enjoy evening after evening outside under the stars.
