Arranged into 3 individually designed suites, Chalet Nina is the perfect accommodation for families or groups seeking privacy, but at the same time, there are plenty of spaces to enjoy socialising together as a group.

After a wonderful day of skiing, why not take advantage of the spa areas featuring two saunas, two steam baths and calming relaxing areas. Or organise a competition with your group in the party room with table football and pinball. Or relax and enjoy a family film in the private cinema/entertainment room. For those wanting to sit back and relax, a cocktail in front of a crackling fire in the large open fireplace while sharing the days events is just what you need!

If a more extensive spa area and swimming pool are desired, Nina has a 'sister' Club Hotel that is just a 5 minute walk away. Club Hotel Aurelio boasts a beautiful spa complete with an 18m long swimming pool - admission to these facilities are included in the price of your stay at Chalet Nina.
