This contemporary villa, designed by a renowned Spanish designer, is nestled in a lush pine and eucalyptus forest between Sant Josep and Cala Tarida. With its panoramic outlook of the Ibizan landscape and Mediterranean, this home is orientated towards the sunset with views to the islands of Conillera, S'Espartar and Es Vedrà. With Mediterranean vistas and stunning design, this villa combines elegance and comfort to make it the perfect residence for an unforgettable stay.

Situated on a mountain, its natural downhill grades and slopes create cascading levels and optimize the sea view from each space.

Two separate lounge areas have been created for watching the sunset and an outdoor table shaded by a vegetation covered trellis provides an ideal spot for al fresco dining, while the sun loungers spread around the salt water swimming pool offer a sleek counterpoint to the rugged stonework of the landscaping. Another advantage is the villa's proximity to the beautiful beaches Cala Tarida, which is only six minutes away, as well as Cala Moli or Cala Vadella. The town of San Josep de la Talaia is seven minutes away and offers an excellent variety of restaurants serving fresh seafood as well as different shopping options including supermarkets and basic services.

On an architectural level, the house is characterised by its rounded-edged and hand plastered stucco, invoking the classic Ibiza style, and accented with minimalist touches.
