An award-winning alpine retreat with chic modern interiors.

Chalet Dorado is an exceptional property set in one hectare of beautiful private alpine landscape. From the moment you touchdown on the property's helipad, you are treated to exceptional service and breath-taking mountain scenery.

This dreamy modern property offers a true alpine escape. Here, you can watch wild deer and chamois bathe in the waterfall and stroll around the property.

Designed around three spacious living areas, the chalet welcomes up to 27 guests. Pale minimal interiors maximise the impact of the unrivalled mountain vistas and offer a stylish retreat for you and your guests.

The main living space is a wonderful place to gather after an exhilarating day on the slopes. Sink into soft sofa seating around the impressive fireplace under high ceilings. A well-stocked wine cellar, a cinema and projection room, and the dining room with sensational mountain panoramas offer further opportunities to relax.

With the accolade of best new ski chalet 2019, Dorado has been thoughtfully designed to showcase the spectacular mountain scenery. Each of the twelve bedrooms, sophisticated en-suite bathrooms, children's bunkroom, and boardroom, has been oriented to offer a balcony or terrace that bathes in the longest hours of sunlight of any property in Chamonix.

The spa, a pristine combination of natural stone and pale timbers, offers similarly romantic vistas. Admire the craggy snow-capped peaks as you relax in the six-metre pool or on poolside daybeds. The wellbeing suite also boasts two massage rooms, a jacuzzi, sauna and gym.

A chic, modern property with discreet, professional staff in the heart of a wonderful ski area, which includes some of Europe's most challenging pistes, Chalet Dorado offers guests a luxe and stylish mountain retreat.
